

Greene King Carvery Sites Autumn Winter Menu 2017 Allergen Report

We prepare our food in kitchens with products containing gluten and nuts as well as other allergens. The allergy data detailed in the table below has been derived from supplier specifications on the allergenic ingredients that have intentionally been added to the final food product. We have taken all reasonable steps to ensure that this table is accurate. We CANNOT guarantee that any product is "100% FREE FROM" any allergen due to the risk of cross contamination risk in production, supply and preparation. If you suffer from sensitive trace reactions for stated allergens, please be aware that we are unable to guarantee suitability for you.

Please make yourself known to our staff and inform them of your allergy every time you dine with us, even if you have eaten the dish before, so that every possible precaution can be taken in our kitchens to prevent cross contamination and if product substitutions are in place our staff can make you aware of these.

** Tree Nuts indicates the presence of the following: - almonds, brazils, cashews, hazelnuts, macadamias, pecans, pistachios, walnuts and their respective derivatives

* Gluten is a protein component of wheat, rye, barley, kamut, spelt & oats
